“greenhouse” discussions

we will cultivate our top priorities, needs, barriers and trends and suggest topics for future events.

choose your greenhouse and visit more than one if you like.

“seeds” for discussion are given, or suggest one of your own.

session 1 1:20 to 2:10 pm

real property for urban ag growing, processing and retail projects.

water access, funding and conservation.

access to capital, financing and incentives.

policy or regulatory barriers.

grower’s roundtable: share additional stories from the fields and markets.

suggested topic.

session 2 2:20 to 3:10 pm

market or food system gaps and opportunities.

need for technical assistance and expertise.

emerging trends in food policy.

emerging trends in urban agriculture.

community roundtable: share additional stories from the neighborhoods.

suggested topic.

wrap up 3:15 to 4:00 pm.

highlights from all greenhouses will be harvested and shared.
